

GATHER. MANAGE. SHARE.

MyLinks
IT'S FREE!

WHAT IS MYLINKS?

Our new award-winning MyLinks FHIR® application makes it possible for patients to better manage their health by allowing them to aggregate, store, and share **ALL** their medical records with whomever they wish!

With Mylinks Patients Can Also:

- Easily manage their family's records
- Store important documents or info
- Connect health devices
- Share data with others
- Communicate bi-directionally with their providers using secure messaging
